Lena	Italy	Semi-Aniline	.09 to 1.0 mm	Avg 48 sq ft	ASTM D 3884-92 500 gram load: 1000 cycles	500 rubs: IUF 450 UNI EN ISO > 4 grey scale	150 rubs: IUF 450 UNI EN ISO > 4 grey scale	UFAC 1, CAL TB 117-2013 NFPA 260

Processing and Finishing

Green Hides Leathers are processed using low emission mineral tanning formulas which are environmentally friendly. The hides are retanned in aged oak drums using vegetable agents, natural fat liquors and oils along with dyes that ensure the leather is properly through dyed. Complies with the strict regulations of the EU environmental normative CE2000/53. Waterbased finishes are applied to provide an even coloration and protection to the leather.

Lena Leather

Italian full grain leather with even coloration throughout the entire hide. Superior selection of European and New Zealand cattle hides are hand selected for Lena. These hides are recognized industry wide for their clean surfaces and excellent cutting yields. Luxurious soft hand and smooth supple surface make this one of the most beautiful leathers available and is appreciated worldwide. The protective finish allows Lena to be suitable for most public and private environments.

Made In Vicenza, Italy
